1 What other grassroots tournaments do

We looked at how established youth tournaments in KZN and South Africa attract and keep sponsors. The patterns repeat, and most of them are within Growfit's reach.

TOURNAMENT	WHO BACKS IT AND HOW	LESSON FOR GROWFIT
Siyakhula Under-15 Cup (Durban)	The AmaZulu Community Trust and Hollywoodbets , through the Hollywood Foundation, with SAFA eThekwini . Played at Siripat Sports Grounds, Reservoir Hills. Winners received R10,000 in equipment and sponsored match kits . A girls' division was added, and the event was pitched as talent identification.	Co-host with a recognised partner (a PSL club's community trust, the LFA). Give prizes as equipment rather than cash. Sponsors respond to talent identification and inclusion.
Engen Knockout Challenge	One title sponsor (Engen) in partnership with SAFA for more than 20 years. Regional qualifiers lead to finals at major venues. The 2026 KZN leg was at Hollywoodbets Kings Park.	One title sponsor , a long-term relationship and federation approval give credibility. Our Youth Cup should be planned as a recurring, named event.
Kay Motsepe Schools Championship	Sanlam with the Motsepe Foundation and the Department of Basic Education. Prize money (R3m+) is for school sports facilities and equipment.	Corporate, foundation and government together. Prize money tied to development, not individuals. Our schools can enter, a route for players outside the academy.
KZN Premier's Cup	Led by the provincial government. District teams, including two from eThekwini. Framed as youth development and talent identification.	Government is a partner for event support and visibility . Invite the ward councillor and KZN DSR to the Youth Cup.
Danone Nations Cup (U12)	A brand-owned tournament (Danone) tied to a health and nutrition message, with national finals and an international final.	Food and hydration brands like events that link sport to healthy habits . Use this angle with water, juice and food brands.
GDLFA × Mr Price Sport	Mr Price Sport became a Tier-1 sponsor of the Greater Durban LFA (7,500+ players, 108 clubs, 5,600 juniors). Mr Price Sport also ran a grassroots programme with Ukhozi FM and AmaZulu.	Our own LFA already has a sports-retail sponsor. Ask the GDLFA for an introduction, and pair the ask with community media.
Sonani Heritage Cup	We found no public information online. [Add what you know: organiser, sponsors, prizes, how they approached sponsors] .	[Ask the organisers directly: most will share sponsor contacts and what worked.]

Seven habits of tournaments that keep their sponsors

1. **Borrow credibility.** Partner with SAFA eThekweni / GDLFA, a PSL club's community trust, or a school. Sponsors fund what looks safe and well run.
2. **One title sponsor plus category partners.** One headline name, then kit, hydration, equipment, media and food partners, each with a clear, exclusive role.
3. **Prizes in kind.** Equipment, kit and vouchers cost sponsors less and do more for clubs than cash.
4. **Talent identification and inclusion.** Scouts present, a girls' division, and bursary places all make the story easier for a sponsor to tell.
5. **Media.** Community radio (Ukhozi FM), local papers (e.g. Berea Mail) and the clubs' own social pages give sponsors visibility.
6. **Use the official channel.** Big brands run CSI portals with set turnaround times (the Hollywood Foundation replies within about 14 working days). Letters alone often get lost.
7. **Report back and renew.** Photos, numbers and a thank-you within weeks, then the renewal conversation before budgets are set.

2 Prospects by what they can give

Each row lists why the prospect fits, how to approach them, and which letter to use. **HOT** = strongest fit or existing link.

WARM = good fit, needs an introduction. **LATER** = closed or long-term.

A. Kit & apparel

PROSPECT	WHY THEY FIT · HOW TO APPROACH	LETTER	
Hollywoodbets / Hollywood Foundation (existing)	Already gave Growfit match kit. Their foundation sponsors grassroots kits and youth tournaments in KZN. Next ask: training wear, tour kit or Youth Cup support. Apply through the online sponsorship application on hollywoodfoundation.co.za (reply in about 14 working days).	L1	HOT
Mr Price Sport (Durban HQ)	A Durban-based retailer and Tier-1 sponsor of our own LFA (GDLFA). Ask the GDLFA for an introduction to the Mr Price Sport sponsorship team. Ask for training wear or equipment, or a Youth Cup prize partnership.	L2	HOT
The Sports Trust	Delivers kit and equipment to disadvantaged schools and clubs on behalf of corporate funders, branded with the funder's logo. Ask to be listed as a beneficiary club in KZN. Contact: marketing@sportstrust.co.za · 011 802 1818.	L3	WARM
Local kit makers: Susan Reid Design (Umgeni Rd, Durban); Just Brand, Ronex, Casco, GripSport (national)	Ask for a community rate or part-donation in return for "Kit made by" recognition. This makes any cash sponsor's money go further. Durban-made is a good story.	L4	WARM
Totalsports (TFG)	A national sports retailer with community sponsorships (e.g. title sponsor of a grassroots athletics club). Start with the local store manager for vouchers, then head-office marketing for bigger asks.	L5	WARM
Sportsmans Warehouse	Sports retailer with a published sponsorship policy. Read it first, then apply. The local store is the best start for vouchers or end-of-range stock.	L5	WARM

B. Equipment

Hollywood Foundation	Funds sports equipment for registered NPOs, schools and communities. Add equipment to the L1 application.	L1	HOT
Mr Price Sport · Totalsports · Sportsmans Warehouse	Balls, bibs, cones, goals, gloves, as vouchers or stock.	L2 / L5	WARM
eThekweni Grant-in-Aid (Sports sector)	The annual municipal programme funds sports organisations among other sectors (R5.5m in 2026, 418 applications). Watch for the call. Grant-in-Aid Manager: 031 311 2070.	L9	WARM
KZN Dept of Sport & Recreation	Runs a Club Development programme. Ask the district office what equipment or kit support is open to registered clubs. Tel 031 360 6574.	L9	WARM

C. Hydration & food

PROSPECT	WHY THEY FIT · HOW TO APPROACH	LETTER	
aQuellé (KZN-based water brand)	Official water sponsor of COSAFA and Netball SA, and supplies thousands of bottles to sports events each year. Bottles in KZN (Kranskop). Use the contact form on aquelle.co.za . Do reputational due diligence first: the brand is linked to KwaSizabantu Mission, which faced public abuse allegations in 2020.	L6	WARM
Coca-Cola Beverages SA (Valpré water, Powerade)	Strong KZN presence and community programmes, including employee "Soul Ambassadors" volunteers. Ask for Valpré water and Powerade for the Youth Cup and the tour, through the regional office or community channel.	L6	WARM
Energade	Has been official sports drink of SAFA's national teams, so football fits the brand. Ask brand marketing for product for tournaments.	L6	WARM
SPAR (Group head office: Pinetown)	A Durban-headquartered retailer that already sponsors AmaZulu FC. Independent SPAR store owners support local causes, so approach your nearest SPAR owner for fruit, water or vouchers. Head office: 031 719 1900.	L7	HOT
Pick n Pay · Shoprite · Boxer (local stores)	Store-level community budgets: snacks, water and vouchers for match days and camps.	L7	WARM
BB Bakeries · local butchers & bakeries	BB Bakeries has partnered AmaZulu community outreach. Local suppliers for camp snacks and braai-day meat at cost.	L7	WARM

D. Money: corporate CSI, foundations & government

Hollywood Foundation	As above. Cash and kit for Youth Cup and tour asks.	L1	HOT
Toyota South Africa Motors (Prospecton)	Durban's largest manufacturer, with a stated commitment to the community around Prospecton. Ask CSI for tour or programme funding, with a staff-volunteering angle.	L8	WARM
Other large Durban employers: parents' employers, port and logistics firms, banks' local branches	Use parents' links first. A staff member who "brings" the ask is the strongest route. Use the B-BBEE SED angle.	L8	HOT
National Lotteries Commission	Funds sport and recreation, including local clubs. Apply only during an open call.	D9*	WARM
eThekweni Grant-in-Aid · KZN DSR	See section B.	L9	WARM
Motsepe Foundation	Big in school football, but not accepting proposals . It chooses projects itself. Take part through the Kay Motsepe Schools Championship via players' schools.	–	LATER
Transnet Foundation	Strong sport programme, but applications are closed (a moratorium on sponsorships). Check again in 6 months.	–	LATER
Mr Price Foundation	Focuses on youth skills and employability, not sport. Only approach with a life-skills or coaching-qualification project.	–	LATER

*D9 is the grant cover letter in the Donations & Grants pack.

E. Partners, media & services

AmaZulu Community Trust	Co-runs grassroots tournaments (Siyakhula Cup) with SAFA eThekweni and sponsors. Propose co-hosting the Growfit Youth Cup or a coaching clinic.	L10	HOT
SAFA eThekweni / GDLFA	Sanctioning, credibility and sponsor introductions (Mr Price Sport).	L10	HOT
Ukhozi FM · Berea Mail · local community papers	Ukhozi FM has partnered grassroots football programmes before. Media coverage is a benefit we can offer sponsors.	L11	WARM
Medical & transport	Not yet researched: private ambulance or first-aid providers (standby at a community rate), local pharmacies (first-aid kits), taxi associations and bus or air lines for the Gauteng tour.	S8 / T3	WARM

Brand suitability

Our players are children, so every partner is checked for suitability before we accept support. We follow advertising rules that protect minors, including the gambling-advertising rules. Partner branding on children's kit is limited to a name or logo, with no betting promotions, odds or calls to action, and nothing aimed at under-18s.

[Confirm the academy's partner-suitability policy. See the note from Claude.]
