Who we are

A registered non-profit football academy founded in 2023, playing in the Greater Durban Football League under SAFA eThekweni. We have SAFA-registered players and police-cleared coaches, and work to eight adopted policies, including child safeguarding. **Hollywoodbets already backs our players with match kit [confirm permission to name]**.

Where your brand is seen

On the pitch

Kit, tracksuits, banners and medals at league matches, training, tournaments, camps and the Gauteng Tour. That's about **17,700** in-person sightings a season, plus about **72,000** everyday sightings of tracksuits and bags.

At North Crest

Recognition in a 700-plus-learner school community: newsletters, sports days, prize-givings. About **15,000** impressions a year. (Family-appropriate brands only, subject to school approval.)

Online

Partner funding pays for a part-time content manager: weekly match content, highlight clips and a monthly **Partner Spotlight**. The year-1 target is about **250,000** impressions.

Why your support matters

Most of our families come from disadvantaged backgrounds. **Tournament entry fees, transport and kit** are what hold our players back. Partner support pays for them, and every tournament we enter becomes another stage for your brand.

Partnership options

One partner per category: only one bank, one supermarket, one water brand, and so on. Monthly payment is available on annual packages.
