1 The invitation

Growfit Sports Academy is a registered NPC founded in 2023, running U12, U15 and U17 teams in the Greater Durban Football League. We are inviting a small group of Durban's strongest grassroots clubs and academies to a **Challenge Series**: planned friendly fixtures between our clubs across all three age groups, played home and away during the season, in breaks between league rounds and in pre-season.

The idea is simple. Players improve fastest against strong, well-organised opposition. League fixtures don't always give that, and arranging good friendlies one at a time takes a lot of WhatsApp messages. A standing agreement makes it easy for both clubs.

How it works

ELEMENT	DETAIL
Fixture day	One morning or afternoon, three matches back-to-back: U12, then U15, then U17. Each club travels once and all its squads play.
Home and away	Hosting alternates. The host provides the pitch, referees and first aid. The visitor only arranges its own transport.
Frequency	2–3 fixture days per partner per year, set at the start of the season around both clubs' league calendars.
Match rules	League age rules and pitch sizes. Rolling substitutions agreed in advance, so every player gets meaningful minutes . Results are recorded but the focus is development.
After the match	A 15-minute coaches' debrief between the two technical staffs. Optional joint cool-down and handshake line for players and parents.

2 What your club gets

Quality, reliable fixtures

Planned games against a committed, well-organised opponent in all three age groups. They are on the calendar months ahead, so you aren't hunting for a friendly the week before.

No cost, less admin

The host covers the pitch, referees and first aid, and hosting alternates, so costs even out. One agreement replaces many separate arrangements.

Game time for the whole squad

Agreed rolling substitutions let you give minutes to development players and try new positions and systems without league points at stake.

Match footage

Where Growfit's match camera is available, your club receives the **full recording of your team's matches free of charge** for coaching use. It is shared only with your club, under a simple consent agreement.

Coach-to-coach exchange

A debrief after every fixture day, and an optional joint coaching session each year (e.g. on session design or game-time management), so both technical staffs learn.

Priority at the Growfit Youth Cup

Partner clubs get guaranteed places and a **reduced entry fee** at our twice-yearly holiday tournament, plus first offer of any joint showcase or scouting day we arrange.

What it gives Durban football

When strong clubs play each other regularly, the level rises across the city. Players get used to tougher games, coaches share ideas, and parents see grassroots clubs working together. The series is open to clubs from any part of Greater Durban, and we'd welcome partners who want to grow it into a small invitational league over time.

3 Shared standards

STANDARD	WHAT BOTH CLUBS COMMIT TO
Registration & age	Only registered players within the age group. Team lists exchanged 48 hours before.
Safety	Host provides first aid on site and a referee for each match. Medical and emergency details are carried by each club for its own players.
Safeguarding	All coaches have police/CPR Part B clearance. No unaccompanied adults in player areas. Concerns reported through each club's safeguarding lead.
Conduct	Respect for referees, players and parents of both clubs. Both clubs' codes of conduct apply.
Photos & video (POPIA)	Each club tells the other about any player who must not be filmed or photographed. Footage of a club's players is shared only with that club, and nothing is posted publicly without the other club's agreement.
Reliability	Cancellations at least 72 hours before (except weather or emergencies), with a replacement date offered.

If this sounds useful, the next step is a short call or meeting between our technical directors to pick dates. Agreement and invitation templates are attached.

Invitation: Growfit Challenge Series, friendly fixtures for U12, U15 and U17

Dear [Name] ,

I'm writing on behalf of Growfit Sports Academy, a non-profit academy running U12, U15 and U17 teams in the Greater Durban Football League. **[One sentence on why you admire their club, e.g. "Your U15s' style of play in the league this season has stood out to our coaches."]**

We would like to invite [Club name] to be a founding partner in the **Growfit Challenge Series**: two or three planned fixture days a year, home and away, with all three of our age groups playing back-to-back on the same day.

Hosting alternates, and the host covers the pitch, referees and first aid, so there is no cost to either club beyond travel. Every player gets meaningful minutes, the coaches meet for a short debrief afterwards, and where our match camera is available your club receives the recording of your team's matches free of charge.

The attached proposal explains the format and the standards we would both commit to, including safeguarding and photo consent. I'd welcome a short call to see whether it fits your calendar. Possible first dates are [date 1] or [date 2] .

Thank you for considering it. We look forward to hearing from you.

Kind regards,

Buhle Madlala
