"Every Sunday, hundreds of Durban parents stand on a touchline for 90 minutes looking at one thing: their child's shirt."

1 The opportunity in one page

Growfit Sports Academy is a registered non-profit football academy in Greater Durban, founded in 2023 and run in partnership with **North Crest Primary School**. We develop young players from U12 to U17 in the Greater Durban Football League, under eight adopted policies including child safeguarding. Families trust us with their children every week.

Next season we field **three divisions: U12, U15 and U17**. Each plays at least **12 league matches** and aims to enter about **three tournaments**, so around nine tournament appearances a year in front of new crowds. Most of our families come from disadvantaged backgrounds, and **tournament entry fees are the biggest thing holding us back**. Partner support pays those fees, and puts your brand on every one of those stages.

We are also building something bigger: a year-round calendar of league football, holiday camps, the Growfit Youth Cup, a national tour to Gauteng, and a professional **social media and content programme** that puts our partners in front of thousands of local households every month.

Reach

Players, families, a 700-plus-learner school community, 108 clubs in our LFA, tournament crowds and online followers. **Up to ~355,000 impressions a year** (target).

Trust

Parents remember who backed their children. Your brand sits next to something families care about deeply, and they see it every week.

Return

Trackable family offers, business introductions, content for your channels, staff engagement and B-BBEE socio-economic development, all reported quarterly.

Proof that it works

- ✓ **Hollywoodbets** already backs our players with match kit **[confirm permission to name]**.
- ✓ Similar Durban grassroots events, like the **Siyakhula U15 Cup** (AmaZulu Community Trust and Hollywoodbets), and our own LFA's partnership with **Mr Price Sport**, show that local brands see value in grassroots football.
- ✓ Our operations are run to a written standard: SAFA-registered players, police-cleared coaches, consent and POPIA compliance, and separate accounts for every project.

2 Three ways your brand reaches people

1 On the pitch

Match kit, tracksuits, banners and medals at league Sundays, training, the Youth Cup (about 1,100 people a day), holiday camps, friendlies and the Gauteng Tour.

~**18,300** in-person sightings a season (36+ league matches, ~9 outside tournaments, our own Youth Cup), plus ~**72,000** everyday sightings of tracksuits and bags at school, in taxis and in shops.

2 Through North Crest Primary

As our partner school, North Crest Primary connects us to about **735 learners**, their families and staff in Redhill / Park Hill, Durban North

[confirm] .

Subject to the school's approval: recognition in school newsletters and notices, at sports days and football programmes, and at prize-givings. That's about ~**15,000** impressions a year.

School channels carry family-appropriate brands only. Under gambling-advertising rules, no betting branding appears at or through the school.

3 Online: the Growfit content programme **NEW**

Partner funding lets us hire a **part-time social media & content manager**. A professional runs our channels every week, instead of volunteers posting when they can. Every partner gets their own content, every month.

EVERY WEEK	EVERY MONTH	EVERY SEASON
Match-day graphics: line-ups, results, "Player of the Match presented by [Partner] " (consented players only)	A Partner Spotlight video or post for each partner	Youth Cup live coverage
Highlight clips from our match camera	Family-offer reminders with your code	Gauteng Tour daily diary
Training and behind-the-scenes stories	A WhatsApp channel update to all families	End-of-season awards video with partner credits
		Content shared with you for your own channels

Targets for year 1: **[e.g. 5,000]** combined followers across Facebook, Instagram, TikTok and a WhatsApp channel, and about **250,000 impressions**, up from about 48,000 with volunteer posting. These are targets, and we report the actual figures every quarter.

3 Choose your partnership

One partner per category: **only one bank, one supermarket, one water brand, one sports retailer**, and so on. If you're first in your category, it's yours.

Every package also includes a featured directory listing, partner breakfasts, a B-BBEE letter, a quarterly report and a trackable family-offer code. Monthly payment is available on annual packages.

WHEN	WHAT HAPPENS
Week 1	Welcome call · agreement signed · logo and brand guidelines received · your family-offer code set up

Weeks 3–6	Logo live on kit, team wear or banners · first Partner Spotlight · invitation to a home match

Month 3	First quarterly report : sightings, posts, reach, offer redemptions, photos and how your money was spent · B-BBEE letter

How to win a partner

1. **Warm first.** A parent, teacher or friend who knows the decision-maker beats any cold email. Ask: "Who do you know at...?"
2. **Lead with them, not us.** Open with their customers, their community and their goals. Then the children.
3. **One clear ask, one smaller option.** "Kit Partner at R25,000, or Squad Partner at R8,000."
4. **Show, don't tell.** Bring the kit, a photo book, the media kit and a 30-second video of the kids.
5. **Follow up three times** (day 3, 7 and 14), each time with something new, then close politely.
6. **Make yes easy.** Leave the one-page commitment form (O7). Offer monthly payments.

Invitation to partner with Growfit Sports Academy in 2027: [package]

Dear [Mr/Ms Surname] ,

Every week, hundreds of families in Greater Durban watch their children play for Growfit Sports Academy, a registered non-profit football academy run in partnership with North Crest Primary School. We would like [Company] to be the brand those families see.

We are inviting [Company] to become our [package] for 2027, at [R amount] . In return, [Company] would receive:

- [Placement, e.g. "your logo on the front of every match shirt across all age groups"]
- Regular content through our new social media and content programme, run by a dedicated manager, plus a monthly Partner Spotlight
- Recognition to the North Crest Primary school community [if family-appropriate brand and approved by the school]
- A trackable offer to our families, partner breakfasts with fellow sponsors, and a quarterly report
- A B-BBEE socio-economic development beneficiary letter (at least 75% of our beneficiaries are black youth)

We offer one partnership per category, and founding partners who sign before [date] receive locked 2027 pricing for 2028 and lifetime Founding Partner recognition. Our prospectus and media kit are enclosed. I would value 20 minutes with you to tailor the partnership to [Company] 's goals.

Yours sincerely,

Buhle Madlala

Founder & Academy Director, Growfit Sports Academy NPC

O5 · THE 20-MINUTE MEETING

MINUTES	WHAT TO DO
0–3	Thank them. Ask: <i>"What would make a community partnership worthwhile for you this year?"</i> Listen, and write down their words.
3–8	Show, using their words: the kit, the media kit (exposure map), a 30-second video, North Crest and the content programme.
8–13	Recommend one package that matches what they said, plus one activation idea for their industry (Section 4).
13–17	Answer concerns (O6). Mention the category exclusivity, the founding-partner deadline and the delivery promise.
17–20	Ask directly: <i>"Shall we reserve the [category] spot for [Company]?"</i> Leave the commitment form (O7) and agree on a next step and date.

O6 · OBJECTION ANSWERS

THEY SAY	YOU ANSWER
"We don't have budget."	"Understood. Many partners start smaller: a Squad Partner is R8,000 a season, about R22 a day, and monthly payments are fine. Support in kind (products, transport, printing) also counts, and can count toward your B-BBEE socio-economic development."
"We already sponsor something."	"That's great. It shows you value community work. We'd complement it with weekly, local, family-level exposure, and our quarterly report makes it easy to compare results."
"Why Growfit and not a bigger club?"	"With us you're <i>the</i> brand in your category, not one of twenty. You're in front of the same families every week, and you get a trackable family offer and our school partnership."
"How do we know it works?"	"We count it: attendance, posts, reach and redemptions of your code, every quarter. If we miss a placement or report, you get an extra month free."
"Send me something and I'll think about it."	"Of course. Can we book 10 minutes on [date] to answer questions? We're holding your category until [date]."
"Isn't a betting brand on kids' kit a problem?"	"Our licensed betting partner's branding is name and logo only. There are no promotions aimed at children, and none at the school. Every partner signs the same child-protection terms."
